Answers to Hunt for **\$1.91** By John Olson

Here I hide, I am a clue,
Finding me is what you must do.

I'm in a hole but not in the grass,
to use your machine, I think you should
pass.

Only a clue and not the big prize,
just add water and to you I will rise.

I'm in the mulch, behind the stone Gate
way to the Rockies is where I await.

The park next to me was given the
name,
for a 1976 celebration that gave it fame.

Ski Cooper Hunt and Picnic Report

By John Steele

Saturday and Sunday, July 20th and 21st, 2013

The club had originally scheduled a ski area hunt this year for May. Unfortunately the snow hadn't left yet. I volunteered to set up one for July and contacted the Ski Cooper ski area and got permission for a club hunt at their area July 16, 17.

About 20 people showed up Sat. The weather was beautiful, sky clear and temperature moderate. Didn't know it before but there was a wedding at the lodge type building the same day. Everyone found

coins and other assorted items. I saw a nice gold ring, a military collar emblem, rifle cartridge casings and a live blank M-1 cartridge. Some found more than others but everyone said they had a good time.

That evening many availed themselves of the unique dining opportunities of Leadville, including some of the liquid variety.

(Continued on page 5)

Sunday a few people showed up at the ski area. After detecting there for a few hours we all went to one of my favorite spots in the mining district. There were some of the club members there already. I didn't find anything exciting. Linda E. found an Indian Head cent and Boots found some nice jewelry items. Didn't see what else was found. Maybe we will see it on the finds table.

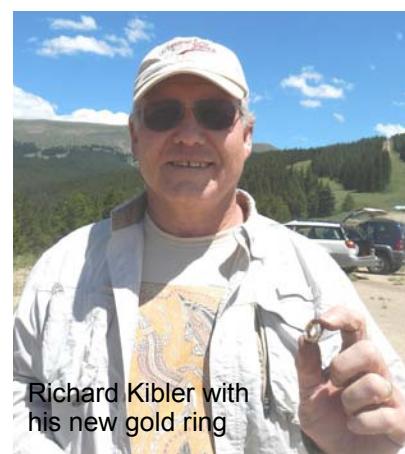

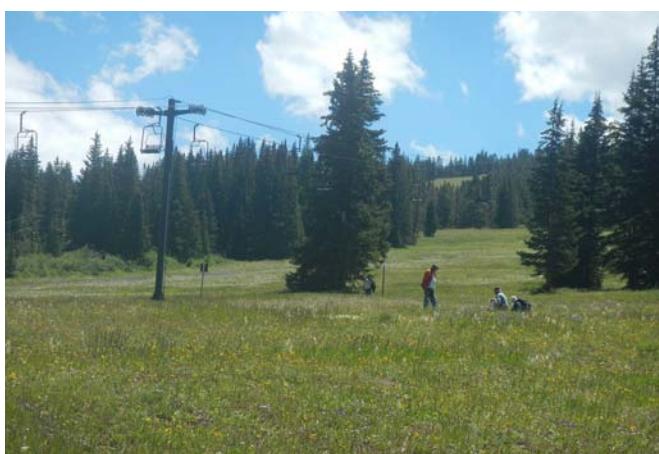

All in all , I think everyone was pleased with the hunt. It exposed some to a dif-

ferent kind of hunting and at least got everyone out of town and into the mountain air for a few hours. Thanks for attending.

LuLubelle's Lost Bling Treasure Puzzle

*By
Bill Chapman
And
Louise Smyth*

A cryptogram is an encoded message. The code used is called a simple substitution cypher. This means that the message is encoded by replacing each character in the message with a letter of the alphabet. Every time a particular character occurs in the message, it is replaced with the same code letter. Word spacing and punctuation are not changed.

Some people like to solve cryptograms much like some people like to do crossword puzzles. The cryptogram is solved by looking for frequently used characters and clues provided by letter patterns and word spacing. Solve the cryptogram shown below, find LuLu's bling and bring it to the next regular Eureka! meeting to collect a prize.

Last month's solution:

East Month's Solution:
little lulubelle went for a ride on the light rail west line. between the oak and garrison stations she glimpsed a small park. after her train ride she drove to the park and rode the space shuttle she found there but she lost her bling.

Park: Idlewild

Prize: 5 golden dollar coins, sponsored by Louise Smyth of Gold-N-Detectors.

GOLD - John Lambe

18K Ring with Diamond

Found 1 inch down just inside soccer field near Highlands Ranch. John was using his V3i Whites machine with a Bigfoot coil.

JEWELRY - John Hinton

Silver College Ring

John found this ring at the Lewis' Lazy Heart Ranch during the club hunt and gave it to Boots Lewis as it was a natural find. John was using his MXT with a 9x5 inch Eclipse coil.

COIN - Bernie Watts

1864 2 Cents

Just 1 1/2 inches deep, late in the evening, just at dark, 200 yds from the Bergen stone barn foundation in a clearing between the big trees, Bernie found this beautiful 2 cents coin with his White's XLT using a standard coil at Bergen Park.

Tivoli

Tivoli / Cheyenne

Good For / 2 1/2 c / In Trade

John found this using his White's Spectra V3i detector with a 10 inch coil. It was found in Wyoming.

ARTIFACT - Ron Erickson

Buffalo Soldier Hat Badge

Ron found this at a military post on the eastern plains of Colorado on the Smokey Hill Trail. This 9th Regiment Buffalo Soldier Hat Badge was on the surface in the thatch. It sounded like just another .22 short shell, but Ron dug it anyway. He was using his White's XLT with a small sharp shooter coil.

The Prez Sez

By Ron Erickson

Wow, do we have a good speaker lined up for Aug. Dr. Dave Forsyth will be giving a presentation on Lakeside Amusement Park. It is in-depth look at the history and politics that shaped the area. This will make you look at the park in a new light. If you're thinking of bringing a snack this month, maybe something along the lines of amusement park or carnival theme food would be in order--just a suggestion. We will try to have the popcorn popper at the center fired up and popping. Of course, our group will eat just about anything.

At last month's Board meeting, it was brought up that some of the larger parks that have been strong producers of targets in the past are getting cleaned out pretty good with only a few newly lost items being recovered. If this is what you are running into, try some of the small neighborhood parks or greenbelt areas, volleyball courts and soccer fields. Some might only be practice areas with limited use but if no one else has taken the time, you might just find a new hot spot just waiting to give you the find of the year.

HAPPY HUNTING RON

(\$1.91 Hunt, Continued from page 3)

Go to Fletcher, I'm waiting for you, put me back after I tell you my clues.

The clues lead to The City of Aurora's Bicentennial Park. Aurora's nickname is "The Gateway to the Rockies" and was platted in 1891 as Fletcher after Denver businessman Donald Fletcher.

A tube was placed in the ground and needed to be filled with water to "float" the next clue. That clue lead to Del Mar Park in Aurora where the middle of a ballfield held the brass token. Of all the ballfields: softball, soccer, football, volleyball, basketball, the volleyball court had a more likely center to it where a target could more easily be located.

The brass token was redeemed at the Club meeting for the \$1.91.

Thank you John for putting on this clue hunt!

Bill Chapman and Louise Smyth worked this one out and Bill brought the token to the Eureka meeting.

In-Town Hunt Information

As a Eureka! member we want you to participate in and help put on In-Town club hunts. These hunts are meant to be fun, first and foremost. They provide a context outside of the meetings for fellowship with club members. To put on an in-town hunt you need to:

- Schedule with the Hunt Coordinator or President (see the contact list).
- Provide the Hunt Coordinator a plan.
- Send the hunt flyer to the newsletter editor in an appropriate format for insertion into the newsletter (see the contact list).
- Provide flyers at the monthly meeting.
- Ensure the hunt rules are discussed BEFORE the hunt.
- Police the hunt.
- The hunt master for any particular hunt can decide open hunt (non-members may hunt) or members only.
- Write a story for the newsletter and send it and accompanying photos to the newsletter editor prior to that month's deadline.

To ensure the continuation of this hobby and to provide the best impression of Eureka! and its membership, you, as hunt master, MUST enforce all rules, including:

1. Pouches to store finds and trash MUST be worn and used at all times during the hunt.
2. All hunters must wear headphones.
3. Absolutely no tolerance of holes left open. A first warning, followed by a time-out or expulsion from the hunt.
4. Hunters digging and leaving trash of any sort on the hunt field will receive the same treatment discussed above.

All hunts will need to be okayed by Hunt Coordinator (see the contact list) prior to officially being put in the newsletter and put on.

Failure to follow the guidelines may result in hunts being cancelled.

See the 2013 calendar for planned hunts and openings.

'Teeting Tips

Detecting alone usually is not as fun as going with someone. It is safer and you have someone to show you their finds and vice versa. You can always pick up some tips from seeing how another person detects. If you have found a good spot and invite someone to go with you, hopefully they will call you when they find a good place. Play, share and double your fun!

Eureka Fun Hunt

July 14, 2013

By Richard and Linda Kibler

The FREE July in town hunt was at the Majestic View Park on 72nd Ave. in Arvada.

There were 25 hunters signed in and the weather was great.

The hunt field was filled with 16 Silver rings and \$175.00 worth of coins (Nickels, Dimes, Quarters, Dollars, and Commemorative coins).

We called a halt at about 45 minutes and counted the Rings. There were still two in the field,

So we continued and they were found quickly.

There were some finds from the Previous hunt also found(Indian head pennies and Silver Dimes).

Thank you John Lambe for sponsoring this hunt.

That's all this month - find something good!
