## Taylor's Project

By Tami Romies

Dear Eureka Treasure Hunters Club,

Thank you so much for your generous gift of \$500 in support of Taylor's project of sending care packages to the soldier's in Afghanistan. This idea emerged for Taylor as she wanted to do a service project during her senior year in High School. She has completed 16 packages which I will send tomorrow. I thought I would share a bit about her process from my perspective.

My son-in-law, Anthony Brown, is in 4<sup>th</sup> Battalion 23<sup>rd</sup> Infantry Alpha Company 3<sup>rd</sup> Platoon 2<sup>nd</sup> Squad from Ft. Lewis. This deployment is his third and second with the Stryker brigade. The Stryker brigade combat team (SBCT) is a mechanized infantry force structured around the Stryker eight-wheeled variant of the General Dynamics LAV III, chosen as "interim armored vehicle" for the US Army. The 2-17 FA (Field Artillery) Battalion, A 5-2 Infantry Company "Spartans" needed a skilled infantry unit to help with their missions and Anthony's platoon was selected. Based on how well they have performed they will be with the Spartans until they come home in January. This melding of soldiers caused a bit of a challenge since there were now two Alpha company's, so for this deployment they are known as Aruaco company.

We learned that Aruaco company was in need of pillows and blankets as the winter approaches in Afghanistan. One of the biggest challenges with this deployment is boredom. They have gone on many missions in the rough Afghan countryside. It's brutal to be called upon to be warriors pushing physical and mental limits to then have too much time on their hands. The 3<sup>rd</sup> pla-

# Secretary's Report

September 14, 2012

**President Ron Erickson** called the September meeting to order at 7:30. There were approximately 69 members present. Guests included Wade Williford; Maxine and Ivan Groen; Mick Carivey; and Chris Coats.

Dale Hudson, D.D.S. was the guest speaker Cached - Similar. He gave a presentation on the gold and silver metal markets.

The annual Coinhuna Club Championship competition hunt was held Sunday, September 16, at Rosamond Park. Ron Erickson is the 2012 Coinhuna.

Mary Sable is planning the October hunt. See this newsletter for details.

Please remember to take out of the hunt field any trash you recover—do not bury it again. In fact, take a photo of the trash, include the park's sign in the photo and send the photo to Jeff Lubbert, [coindigr@hotmail.com](mailto:coindigr@hotmail.com). Photos, like this, can serve as evidence of metal detecting's contribution to the community

Thanks to everyone who brought snacks for the meeting.

Don't forget, any member can write an article or forward an Internet/magazine article (with credit to the author/publisher) to Jeff Lubbert, [coindigr@hotmail.com](mailto:coindigr@hotmail.com), for this newsletter. Also, if you have any suggestions, talk with a board member.

# The Prez Sez

By Ron Erickson

Oct Prez says

With all the phone calls and ads, it is obvious that election time is approaching. The club will be electing a President, Vice President, Secretary, Treasurer, Newsletter Editor and three Board Members. If you have the ambition and talent, and meet the membership requirements we are looking for, please consider being nominated for one of these positions. Some of the members serving in these positions would like to be reinstated, but others are ready for a break.

In order for the club to be successful, it relies on its volunteers and fresh ideas. We have a great membership full of talent so maybe it's your turn to help out the club.

Chris Marchase will be our guest speaker in October and has offered to show up at 6:30 to do appraisals on your select coins and tokens, so bring them to the meeting and get a FREE appraisal before the meeting starts. First come, first served.

We are starting a new drawing for the silver specimen that will be held at the December meeting. This will be a great prize and if I don't win it I hope you do.

A big thanks to Roy, with help from Jeff and others, for putting on the Coinhuna hunt. It was a great day for a hunt. See the photos in the newsletter, and remember to tie your shoes. Thanks Bill.

Happy hunting.

Ron

Dale Hudson was the guest speaker. He talked about silver and gold investments.

# Finders of the Month

*(Continued from page 3)*

toon has learned how to play cricket, taken up golf, consumed candy/gum, and watched many movies. When putting care packages together Taylor tried to put a variety of items which the soldiers needed and would appreciate.

Each package contains, a camp pillow, fleece sleeping bag liner, candy, gum, razor, pit stick, and a pillow case. It took about 3 weeks to take the steps to create 16 care packages. Besides finding the best price online for camp pillows and fleece liners, Taylor shopped at Costco and Wal-Mart for the other items. Once all the 'cache' was collected the packages needed to be assembled. Taylor enlisted each of us to do a piece which played to our skill. Steven is an expert with the tape gun, I am patient and good with a pen, Tyler helped sorting, and Taylor did some of it all. Each box contained a flyer which said "Packaged by Taylor, contents donated by Eureka".

As the soldiers are defending our freedoms their families are trying to manage their lives without their partners. It's a challenge that can be overwhelming. The loved ones at home use the FRG (family readiness group) to support each other and the soldiers through deployments. 4-23 alpha FRG is currently raising money for Solider and family events, looking forward to the homecoming in January. I have attached an order form for the Aruaco company magnet sale if you are moved to help the families at home.

Again thank you again Eureka Treasure Hunter's Club!!

Below is an excerpt from the October issue of Metal Detecting Hobby Talk news brief. I have interviewed people from the TFMDRF and PLP as co-host of Relic Roundup. I can tell you for a fact that both of these groups are fighting for our metal detecting rights. Therefore I will assume that the WMA is of similar caliber as the previously mentioned organizations. I would hope that all of the below will be supported by our membership.

### Support The Hobby

I would like to point out to new brief readers that there are three organizations taking on the challenge for various pieces of legislation dealing with metal detecting and gold prospecting. MDHTALK's recommendation is to visit their website and give strong consideration to joining the fight. In some cases your support may be to send emails and / or write a letter to specific legislators or to provide funds to help with the fight. Here are the three organizations and a link to their website.

We will soon be taking names and money for this wonderful event. Details will soon be announced here in SoundOff. Keep your eyes peeled.

# In-Town Hunt Schedule

As a Eureka member we want you to participate in and help put on In-Town club hunts. These hunts are meant to be fun, first and foremost. They provide a context outside of the meetings for fellowship with club members. To put on an in-town hunt you need to:

- Schedule with the Hunt Coordinator (see the contact list).
- Provide the Hunt Coordinator a plan.
- Send the hunt flyer to the newsletter editor in an appropriate format for insertion into the newsletter (see the contact list).
- Provide flyers at the monthly meeting.
- Ensure the hunt rules are discussed BEFORE the hunt.
- Police the hunt.
- The hunt master for any particular hunt can decide open hunt (non-members October hunt) or members only.
- Write a story for the newsletter and send it and accompanying photos to the newsletter editor prior to that month's deadline.

To ensure the continuation of this hobby and to provide the best impression of Eureka! and its membership, you, as hunt master, MUST enforce all rules, including:

1. Pouches to store finds and trash **MUST** be worn and used at all times during the hunt.
2. All hunters must wear headphones.
3. Absolutely no tolerance of holes left open. A first warning, followed by a time-out or expulsion from the hunt.
4. Hunters digging and leaving trash of any sort on the hunt field should receive the same treatment discussed above.

All hunts will need to be okayed by Hunt Coordinator (see the contact list) prior to officially being put in the newsletter and put on.

Failure to follow the guidelines October result in hunts being cancelled.

See the 2012 calendar for planned hunts and openings. See the Contact List for Hunt Coordinator & Newsletter Editor contact information.
