Coinhuna 2017

By Chris Davis

On September 10, the Eureka! Treasure Hunters Club gathered at Mamie Eisenhower Park to select a new Coinhuna in a competition hunt. The Eureka! Coinhuna is recognized worldwide as "the Best of the Best" of our hunters. Forty-six individuals turned out for this prestigious event.

A special thanks is extended to all individuals who helped

2017 COINHUNA Jeff Lubbert

out with the hunt. In particular, Terry, Bruce, Lori and Chuck helped plant coins. Chuck and Bruce served as field judges. Norm and Sue picked up the Subway Sandwiches. Jay ran the Tip Card. Tonette and Devan brought water. Richard brought the soft drinks. Nancy did a great job keeping up with who participated and advanced in each field. Thanks to one and all!

As everyone knows, the Coinhuna Hunt is the Eureka! Club's

TREASURE HUNTER'S CODE OF ETHICS

- I WILL respect private property and do no treasure hunting without the owner's permission.
- I WILL fill all excavations.
- I WILL appreciate and protect our heritage of natural resources, wildlife, and private property.
- I WILL use thoughtfulness, consideration, and courtesy at all times.
- I WILL build fires in designated or safe places only.
- I WILL leave gates as found.
- I WILL remove and properly dispose of any trash that I find.
- I WILL NOT litter.
- I WILL NOT destroy property, buildings, or what is left of ghost towns and deserted structures.
- I WILL NOT tamper with signs, structural facilities, or equipment.

way of giving something back to the membership. No hunt fees are charged. Food (of sorts) is supplied. Some 1,220 coins were planted.

Weather for the meeting was good. It was a bit on the warm side come afternoon, but still very pleasant. After all, being September in Colorado, it could have been snowing. And, as far as I could tell, no one got hit by aerial goose bombing. This has happened at previous meetings and is always a constant hazard.

Four separate hunt fields were planted, each with different coins. Everyone got to hunt field 1. Twenty-four individuals moved on to Field 2. Of these, 12 advanced to Field 3. Only 3 hunters made it to the final Field 4. These three were: Jeff Lubbert, Roy Neys and Win Faires.

After a fiercely contested battle, Jeff Lubbert emerged victorious as the new Coinhuna, the best of the best, for 2017. Jeff was awarded the coveted Coinhuna Vest, a gold Dos Pesos and his name will be added to the Coinhuna Plaque. His fame will echo thru the halls of glory forever.

Perhaps a bit of etiquette would be

(Continued on page 4)

(Continued from page 3)

appropriate concerning the new Coinhuna. At formal affairs, when seeking audience, prostrating one's self before the Great

Coinhuna is required. Otherwise, say in passing, a simple bow and touching one's forelock will suffice.

All Hail the Great Coinhuna!!!

Prez *Bloody* Sez

By
Chris Davis

Hiya Mates,
Well, later this month, Jack Hoover and I will soon be scampering off on another metal detecting adventure in jolly old England.

As they say, England and America are two countries separated by a common language. As result, I have been studying up on the English language so-as I can coherently speak to the natives when I get over to there without dropping a clanger (make a gaffe) and making everyone think I am mad as a box of frogs (crazy). Do not want to be accused of talking bollocks.

Of course, it has been donkey's years (a long time) since I visited England, but I suspect the nosh (food) is still something less than scrummy (wonderful). I fancy (like) the fish and chips, but they haven't a clue what a hamburger is. Quite.

Full Breakfast (bacon/ham, sausage, eggs, mushrooms, fruit)
What we colonials refer to as Thomas's "English" Muffins are often referred to in England as "American" muffins.
Ploughman's Lunch (cheese, pickles, bread)
British bacon is ham. American bacon is "streaky bacon".
Bangers and Mash. (sausage and mashed taters)
Toad in the Hole. (sausage in Yorkshire pudding)
Bubble and Squeak (leftover veggies and potatoes)
Welsh Rabbit (cheese over toast)

(Continued on page 7)

Wheat Ridge requires a permit to metal detect in their city. **No detecting is allowed October-March.** Permits allow detecting April-September.

(Continued from page 6)

Stargazy Pie (pilchards with real fish heads poking through the crust)
Devil on Horseback (prunes wrapped in bacon)
Faggots (pig's heart, kidney, fatty belly meat and bacon)
Jellied Eels (speaks for itself)

If you visit the local pub for a bit of the amber fluid (beer) or a snowball (advocaat and lemonade) or two and imbibe too much, you may get bladdered, or wackered or pissed as a newt (drunk), and be invited to stay at Her Majesty's Pleasure (go to jail). That could be quite a sticky wicket. Personally going to pubs, sitting around telling porkies (lies), puffing fags (cigarettes) is not my cup of tea. For that matter, drinking tea is not my cup of tea. Nothing to get your knickers in a twist over (get upset about). However, should you take tea with the Queen, saying "that cup of tea is really the dog's bollocks" (great) would probably not be quite appropriate.

I have learned, one of the most important things to remember is, if you say "pardon" it means you passed gas. Say "excuse me" if you belch or step on someone's foot. If someone else passes gas, you may hear, "Who blew off?" This is much more primitive than the "Who cut the cheese?" that we use here in the States.

If you need to go to the bathroom, you may say, "I am going to go spend a penny" or "take the mickey", or "go to the loo or khazi" (toilet). If you wish to be more discrete, "I got to go see a man about a dog" (take a poo). Be sure to have your bog roll (toilet paper) handy.

And, with the long days in the field finding all those gold coins, rings and ring pulls (pulltabs), I expect some of us to be knackered (exhausted). I plan to be "off to Bedfordshire" (hit the hay) early.

(Continued on page 8)

(Continued from page 7)

Hopefully it will not be brass monkeys outside (extreme cold weather).

I expect to have a jolly good time and the whole experience to be bee's knees (something one thinks the world of). I hear tell our organizer, Peter Welch, really knows his onions (is very knowledgeable), so I expect everything to go tickety-boo (great). It is really going to be the mutt's nuts (fantastic). From a metal detecting prospect, I plan to go full monty (not nekkid, but the whole way) on the trip.

Bob's your uncle (there it is).

If you have any questions, give me a bell (call). Actually, send me a text message. Phone calls across the Big Pond are quite expensive by the time they get to England.

Cheers (thanks/goodbye),

Chris

In-Town Hunt Information

In-Town club hunts are meant to be fun, first and foremost. They provide a context outside of the meetings for fellowship with club members. To put on an in-town hunt you need to:

- Schedule with the Hunt Coordinator or President (see the contact list).
- Provide the Hunt Coordinator a plan.
- Send the hunt flyer to the newsletter editor in an appropriate format for insertion into the newsletter (see the contact list).
- Provide flyers at the monthly meeting.
- Ensure the hunt rules are discussed BEFORE the hunt.
- Police the hunt.
- Decide if the hunt is a members only or an open hunt (non-members may hunt).
- Write a story for the newsletter and send it and accompanying photos to the newsletter editor prior to that month's deadline.

To ensure the continuation of this hobby and to provide the best impression

of Eureka! and its membership, you, as hunt master, **MUST** enforce all rules, including:

1. Pouches to store finds and trash must be worn and used at all times during the hunt.
2. All hunters must wear headphones.
3. Absolutely no tolerance of holes left open (a first warning, followed by a time-out or expulsion from the hunt).
4. Hunters digging and leaving trash of any sort on the hunt field will receive the same treatment discussed above.

All hunts will need to be okayed by Hunt Coordinator (see the contact list) prior to officially being put in the newsletter and put on.

Failure to follow the guidelines may result in hunts being cancelled.

Hunts may be paid for in advance. This helps the hunt master with planning for how much should be planted in the field. In case a person must miss the hunt, their prepaid fee may be refunded if they call the hunt master before the hunt and cancel, other circumstances will be reviewed. No refund will be given for just plain failure to show up to the hunt.

Westminster requires a permit to metal detect in their city. It will be good for a year.
See Connie at the lower level of City Hall.
Office Hours: Mon-Thurs from 7:00am to 6:00pm.
Please follow the City's guidelines and show that we, as detectorist, are a responsible group.

LuLubelle's Lost Bling

Treasure Puzzle

By
"Spectrum Bill" Chapman

A cryptogram is an encoded message. The code used is called a simple substitution cypher. This means that the message is encoded by replacing each character in the message with a letter of the alphabet. Every time a particular character occurs in the message, it is replaced with the same code letter. Word spacing and punctuation are not changed.

Some people like to solve cryptograms much like some people like to do crossword puzzles. The cryptogram is solved by looking for frequently used characters and clues provided by letter patterns and word spacing. Solve the cryptogram shown below, find LuLu's bling and bring it to the next regular Eureka! meeting to collect a prize.

Last Month's Solution:

Little Lulubelle was late. She wished to meet the Saturday Breakfast Club. At the restaurant she was told the group had gone to Lakewood High School. At the school she was told they went to Lakewood Park. She never found the

group but she found a pretty flowerbed with a bronze statue of a young baseball player. As usual she lost her bling in that area.

September 1, 2017 Report and Photos by Chris Davis

Ten members attended the September 1, 2017 Breakfast Club. It was a beautiful day. After breakfast, we all ambled over to the Harvey Park off of Evans. There was quite a bit of subterranean garbage, but we did okay. Had to go slower and try to separate the goats from the sheep. I personally recovered 40 bottle caps (that Deus is a superb bottle cap finding machine), 17 pull tabs, 7 screw caps and numerous aluminum shards. Outside of these great items, the best find was made by Jim M. He picked up a very nice Leatherman tool. I probably did best on coins with \$6.84. I also dug up a very nice silver crucifix. Lastly, I found a dope canister, complete with dope and cigarette papers. So, I think everybody went away from the hunt feeling relaxed and happy.

September 16, 2017

It was perfect weather for an outing. We had an excellent turnout. Thirteen club members attended the breakfast at the Lookin' Good Restaurant. Afterward, we conducted a hunt at Harvard Gulch Park. For a nice Saturday morning, it should have come as no surprise a number of soccer games were in progress. It also should have come as no surprise we ran into Brian H. If Brian was there, it had to be a good place to detect. One field was vacant, so we gave it a try, and, did not do too badly. Beth D. picked up a very nice silver religious medal and a 50 colones Porta Rican coin. Mary S. and Doug M. Both found rings. Brian H. dug a buffalo nickel. I picked up \$3.06 in change, two necklace pendants and a set of keys. We done worse.

That's all this month - find something fantastic!
